Blueprint Academy
Blueprint High School
Hope High School
Hope High School Online

May 25, 2016

To Whom It May Concern:

For the 2015-2016 school year our AOI program, Hope High School Online, has worked with The Quality Schools program which is a branch of the Center for Student Achievement. Hope High School Online (HHSO) is an Arizona Online Instruction (AOI) charter.

The Quality Schools Program has helped HHSO develop a data driven mindset. The ultimate goal of any school is to effectively teach students and bring them to content mastery. Being coached through the Quality Schools Program has helped HHSO do this more effectively. The Quality Schools coach really took time to understand the unique program and helped develop data driven systems that met the school needs and most importantly, the needs of our students.

In our experience, the Center for Student Achievement possess the knowledge and skill to provide quality professional development customized to the needs of our school. In addition, their friendly professionalism make it a pleasure to work with them. They have earned our trust and respect.

Sincerely,

Mark French (CEO)

Erin Horn (HHSO Principal)
